Testimonials

Carlisle Peet, LabWare LIMS Solutions

As an emerging global company, we need an accountant with global growth expertise; we have found that in Gunnip & Company. As a result of our growth, we've had numerous concerns regarding how best to proceed. Gunnip's team has helped to guide us, and I am confident we are on the correct path. Our experiences with Jim Selsor and his team have been extremely easy and they are very quick to respond to our needs. The resources, knowledge and encouragement they provide combine to create a supportive climate to grow, and I highly recommend them.

Russ Diehm, Boscov's

Boscov's turns to Gunnip & Company for the administration, management and outsourced accounting of its Delaware based-affiliates because Boscov's appreciates the responsiveness, experience and attention to detail the Gunnip & Company personnel bring to their working relationship.

Michael Miller, Delaware Art Museum

We selected Gunnip & Company to serve as our external auditors due to the firm's reputation working with local non-profits. They have worked closely with us to develop an audit and tax schedule, consistently meeting timelines without disruption to the organization. The Museum staff has been extremely satisfied with the accessibility of our audit team, their timely responsiveness to questions, expert communication and their sensitivity to our limited resources.
